ABOUT ME

Computer Science undergraduate at International Islamic University Islamabad (IIUI) with strong interest in web development and modern web technologies. Skilled in React.js, JavaScript, HTML, CSS, Node.js, and Express.js, with hands-on experience building responsive full-stack web applications. Currently working on a real-world client project involving frontend and backend development. Also experienced in graphic design and customer-facing roles, enhancing creativity, communication, and problem-solving skills. Passionate about continuous learning and aiming to grow as a professional Web Developer delivering impactful digital solutions.

HOBBIES AND INTERESTS

cricket Cricket is a sport I enjoy playing in my free time. It's a fun way for me to stay active, keep fit, and enjoy time with friends.

Travelling I enjoy traveling whenever I get the opportunity. It allows me to explore new places, experience different cultures, and take a break from routine. Whether it's a short trip or a longer journey, it always helps me refresh and gain new perspectives.

Thank you for your time and consideration. I look forward to the opportunity to contribute my skills and grow as a Developer.
